Tanning

ST TROPEZ SPRAY TANNING

FULL BODY | £29

LEGS | £19

Tan Before & After Care

BEFORE YOUR APPOINTMENT

Shave or wax hair 24 hours prior to your tan.

Exfoliate 2 – 3 times before your tan in the week leading up to your appointment, focusing on dry areas such as knuckles, elbows, ankles and knees.

Moisturise skin daily, ensuring the dryer areas are hydrated.

Select a loose-fitting outfit to wear to your appointment, this will ensure the tan will develop well and no lines will appear. This would include loose shoes such as flip flops, baggy trousers, loose t-shirts with loose waist bands and preferably no bra, or a strapless one if necessary.

ON THE DAY OF YOUR APPOINTMENT

Have a shower before you come to your appointment, to remove any moisturiser, deodorant or product you may have on as this will affect the tan if it remains on the skin.

Remove your make up. This will allow your tan to develop fully on the face (and you will not have to go to bed with make up on).

Come in your chosen 'baggy' outfit and footwear.

If it's raining please remember an umbrella...you cannot get wet!

AFTER YOUR TREATMENT

Allow the tan to develop for a minimum of 8 hours, but for best results leave tan on overnight. Avoid contact with water.

When showering the product off, allow water to run over skin, do not use a shower gel or scrub. You will notice the guide colour washes away to leave you with a healthy tan. When you have your next shower, you can use products on your skin.

Moisturise the skin daily to prevent from drying and this will also prolong the tan.

Experiences

Our Experiences include exclusive use of the relaxation lounge with 2 or more guests plus robes, slippers and a glass of fizz...
